Dr. Ben Carson's Little Patriot's Curriculum Available for Students at Lake Country Classical Academy

Little Patriots approved as supplemental educational material

MILWAUKEE, WI - Today the American Cornerstone Institute (ACI) announced its Little Patriots Program is being used as supplemental education material for students at Lake Country Classical Academy.

“Education is one the most important issues facing the nation right now, it always will be. If you get a good education and work hard in this country, you can write your own ticket in life,” said ACI Founder & Chairman, Dr. Ben Carson. “That is why we developed the Little Patriots Program, an invaluable resource for parents and educators to teach children American history and civics. At a time where civic engagement among young people is at an all-time low, we found it of the utmost importance to offer Little Patriots free of charge to every parent, grandparent, and educator in this country.”

“LCCA utilizes the full curriculum provided to us as a Hillsdale College Member School,” said Head Principal, Margaret Daigneau, “and we look forward to utilizing the American Cornerstone Institute’s Little Patriots materials. They will make for excellent supplemental resources within our instruction as we carry out our mission to train the minds and improve the hearts of young people with emphasis on the principles of moral character and civic virtue.”

Little Patriots is a free, online educational program for kids created by the American Cornerstone Institute to teach children about the importance of civic engagement and our nation’s founding principles. The Little Patriots program is two pronged--featuring books and an online learning platform with a curriculum for elementary aged children created by teachers and education professionals.
